

## Palestine: An external evaluation of PUI's project

**CLOSING DATE FOR APPLICATIONS: 28 January 2026**

### **CONTEXT**

**INTIQAL 2030** is a Youth-led initiative supported by Premiere Urgence Internationale (PUI), an innovative socio-economic development program that leverages on the protection of Cultural Heritage involving communities and local civil society stakeholders, encouraging their interaction on archaeological sites. This initiative creates and runs a safe space in which girls, boys, young people and families engage in concrete actions and express their fears and hopes in a protective environment while developing their resilience following violent or traumatic experiences.

For the 2025–2026 CPF rollover phase, the project focuses on:

- Emergency stabilization, documentation, and securing of three severely damaged sites in Gaza:
  - Byzantine Church of Jabalia
  - Roman Cemetery of Beit Lahia
  - Blakhyia / Ancient Anthedon
- Community engagement, children and youth programs, and awareness-raising campaigns in Gaza.
- Continuation and enhancement of the Oral History component in Gaza and the West Bank, including archiving and dissemination through the Palestinian Museum and international events.

The project operates in an extremely volatile conflict environment, with restricted access, security risks, and ongoing humanitarian crisis severely affecting implementation modalities. This evaluation is therefore critical to assess effectiveness, relevance, adaptability, and emerging impacts in a post-war emergency-recovery context.

### **ASSIGNMENT OBJECTIVES**

The objectives of this evaluation are to:

#### **Objective 1: Assess the Project's Alignment with CPF Outcomes**

## Heritage Outcomes

- Effectiveness of emergency stabilization, fencing, protection structures, and cleaning works.
- Quality of damage assessments, documentation, photogrammetry, and 3D modelling outputs.
- Adequacy of safeguarding strategies for movable heritage (ceramics, sarcophagi, metal, glass).
- Relevance of research and prescriptions for long-term conservation.

## Society Outcomes

- Extent to which local technicians, youth researchers, and community members developed transferable skills.
- Impact of community engagement campaigns and children's programs.
- Impact of Storytelling, Art & Youth-Led Expression (youth resilience, identity reconstruction, emotional recovery)
- Contribution of oral history's activities to safeguarding intangible heritage.
- Influence on social cohesion, emotional resilience, and community ownership of heritage.

## Objective 2 – Evaluate Effectiveness, Efficiency & Sustainability

- Assess implementation of the following activities:
  - Emergency stabilization
  - Evaluation and documentation
  - Community engagement and awareness
  - Securing the targeted sites
  - Oral history activities
- Review operational modalities in emergencies and restricted-access settings.
- Analyze coordination with MoTA, EBAF, INSA Strasbourg, Mayassem, Coventry University, local universities and partners.
- Evaluate sustainability of capacity building, documentation systems, and community-led approaches.
- Visibility, advocacy & external Engagement

## Objective 3 – Provide Actionable Recommendations

- Identify good practices for cultural heritage protection in post-war environments.

- Provide recommendations for scaling up, replication, risk mitigation, and exit strategies.
- Propose strategic orientations for the next CPF.
